—Martin Lavell, of Lynn, was robbed of about thirty dollars in this place one day this week. He has not the slightest idea who took it, but we would say that it is high time some means were taken to find out who the thieves and pickpockets are that live and flourish in our midst without detection. There are parties who live in this place and we have never heard of them doing a day's work. Where do they get their means of support? Is a question we would like some one to solve.

—Wm. Goit, of Brockway, called in to Payne's saloon on Wednesday of this week and, as he informs us, treated those present, Benj. On the boy's return Mr. Goit looked for the money but could not find it. Where it went he does not know, neither can he find out, but he is aware of the fact that he has lost his money and there is no help for it.

ROBT. B. BROWN, BREEDER OF PURE BROWN LEIGHORN FOWLS. During the season of 1883 I imported a setting of eggs from Pennsylvania from which I obtained some real nice fowls. In color they are a beautiful glossy brown, pure white ear lobes, bright yellow legs and large bright red combs, are very lively, non-setters and great layers. Mine are laying now during this cold weather, when eggs are a good price and "mongrels" are idle. Desiring to circulate these fowls I will sell eggs for hatching during 1884 at the following low prices:—13 eggs for 60 cts or 26 for \$1.00. Orders booked now will be filled when wanted. Order soon to secure your eggs as supply will be limited. Have also some fine Brown Leghorns of the old stock mated with a cockerel from imported eggs. Will sell eggs from these at 30c per 13 or 50 cts per 26. One price to all. Terms cash. Orders sent through Post office will be promptly attended to. Address P. O. Box 1, Brockway Centre, Mich.

Scientific Investigation
Has proved that nothing but a direct application can cure the many forms of Piles, that so trouble all classes of mankind. In all cases of Piles, immediate relief can be obtained if needed. By faithfully following the directions given with each box of Parmelee's Pile Suppressor secure is certain. Warranted to give immediate relief. Price 50 cts per box. Sold by C. A. Wells & Co.

For Sale.
I have for sale at P. B. Sanborn's Grain House, Clover Seed, Timothy Seed, Buck-wheat, Salt, Seed Corn, Seed Oats, Western Corn, Lime, Stucco, Plaster, hair, Akron Cement, Flax Seed, Millet Seed, Hungarian Seed, and Flour and will furnish Land Plaster, Agricultural Salt and L. L. Crocker's Buffalo Fertilizer, also Gass Tar that is used on Seed Corn to prevent worms from eating it or birds from pulling it up. I notice that I have opposition in the lime trade. I would say to the farmers and those who are going to want lime this season, that I am now selling it at \$1.10 per barrel, which is nearly or quite as low as you can buy it at Pt. Huron, and have tried to keep a supply constantly on hand. I have been here at all hours of the day to wait on customers, and sell them just the quantity they ask for. There is scarcely profit enough, even if I had the whole trade, to keep the station open during the dull season. This opposition, I think, is low meanness, as the profit does not pay for handling unless connected with other business. I do not blame Mr. Cook so much as I do others whose constant aim has been to stir up some kind of ill feeling between neighbors and who are noted for meanness since their first audible squeak in the world. I am sorry that Mr. Cook who has been considered a good mechanic and a good citizen, should, through the influence of some revengeful individuals, be disposed to do men injury when it does not result in a profit or an honor to himself.
